COMPLETE KITS FOR THE READING RECOVERY® TEACHER

Resources for Reading® kits for Reading Recovery teachers are an easy way to get the materials you need to set up for Reading Recovery with a single order, at 5% to 15% off the regular price of the items in the kit. Additional discounts are available based on the quantity of kits ordered on the same order and shipped together to the same address. To earn these extra discounts, kits are shipped in bulk; you save \$\$ by sorting them into kits yourself. Or pay the single kit discount price and regardless of the quantity we'll pack and ship each kit individually so you don't have to worry about it.

We work closely with many Reading Recovery Teacher Leaders to improve our Reading Recovery Kits, substituting or adding more suitable items. We think you'll be pleased. Best of all, our improved kits are available without any price increase! Detailed descriptions of the kit items can be found elsewhere in this catalog.

Many Reading Recovery Teachers and Teacher Leaders prefer the Quercetti (Italian) plastic magnetic letters. Our **KIT007 Starter Kit** substitutes the ML004 Upper Case Letters w/Ridges and ML015 Lower Case Letters w/Ridges (both on page 22) in place of the ML001 and ML002 letters in our KIT008 Economy Kit.

Non-Slip Letter Starter Kit KIT006 substitutes one set each of our exclusive **Hard Foam Magnetic Letters ML078 and ML079** (page 20). These letters have proper shapes for letter recognition, and they won't slip on your magnetic markerboard!

Refill Kit KIT020 includes the consumable items you use in your Reading Recovery lessons as a package at a discount price. You'll save 5-15% over the price of the items if ordered separately.

Special Kit Discount on Easels: order any one of our floor standing easels (pages 83-85) on the same order as your Reading Recovery Starter Kit (KIT006, KIT007, or KIT008), and receive a 5% discount off the price of the easel!

You have enough to worry about as a Teacher Leader or Teacher in Training without running around tracking down all the materials you need! We can help make it easier for you to get everything with a single set of school purchase order paperwork, and we'll delivery it to you conveniently at your school. Need more of an item, or want to substitute another? Call for information on custom kits in quantity to meet your specific needs. **Get your ideal custom Reading Recovery kit from us!** (5 kits minimum)
