MAGNETIC HARD FOAM LETTERS—EXCLUSIVELY FROM RESOURCES FOR READING

These custom made letters are designed specially for early literacy & Reading Recovery® teachers! **Magnetic Paint**

Turns any paintable surface into a magnetic playland. Infused with iron dust, this paint is a gray latex paint that works as a primer and makes any surface able to hold magnets. It is child safe and non-toxic. After the magnetic paint dries, apply wallpaper or your favorite color of paint and your surface is now magnetic. Depending on the surface preparation, 1 pint can covers up to 25 square feet, 1 quart can covers up to 50 square feet, 1 gallon covers up to 200 square feet with 2 coats (the more coats, the better). Be sure to mix thoroughly before and constantly during use.

MR003 Pint $19.95
MR004 Quart $29.95
